The Unit has also started their 1983 membership drive with the goal of being the Unit having the highest percentage of their 1983 membership quota in by Department Convention in June. Members are urged to send their dues to Ramona Lowe or Jeri Brooks to help their Unit achieve this goal, keeping in mind that the dues were increased at the 1981 Department Convention.

The next meeting of Mundt-Allen Unit will be held Tuesday, May 11, at 7:30 p. m. and will be installation of officers. All officers are requested to wear white.

OXFORD COUNTY HISTORIC RESOURCE SURVEY FUNDED ONCE AGAIN

Stanley Howe, Director of the Bethel Historical Society, announced this week that the Society has received a \$10,000 grant from the Maine Historic Preservation Commission and the National Park Service. "The grant, which will fund the Oxford County Historic Resource Survey for a four month period, May-August 1982, will allow the survey to be completed and is particularly timely since next week is National Historic Preservation Week," Howe said.

George Allen of Norway, who was project manager of the survey during 1980, its first year of operation, has been retained to work again on the project, the object of which is the compilation of an inventory of the significant buildings and sites in the county. From the Bethel Town Office

The Board of Selectmen met Thursday evening, April 29, in a special, open session to continue the public hearing to consider renewal of liquor and entertainment licenses for the Bethel Inn and County Club. Additional information requested by the Board at the April 26 public hearing was examined and the license renewal applications were approved.

As May is the month for the annual public hearing-renewal process for victualers, innkeepers and tavernkeepers licenses, the Board approved modification to administrative procedures for handling these applications after May 1. Whether for new applications or renewals, the two weeks advertising period prior to the public hearing required by Maine statute will commence from the time the applications are received at the Town Office. This permits timely preparation and publication of public notices that appear in the newspaper and that are, by law, required, initiated by the Town at its expense for victualer, innkeeper, tavernkeeper and entertainment licenses and by the applicant for liquor licenses. For this reason, the information that is contained in the application must be complete and accurate. The Town Office staff stands ready to answer questions and assist in the preparation of applications to facilitate constructive public hearings for issuance or renewal. For information, applications for established businesses were mailed May 3. Return is requested on May 10 for public hearings to be conducted May 25, 1982.

In recent days, there have been several worthwhile endeavors contributed by Bethel citizens that might otherwise pass unnoticed. It is hoped that the following comments will honor these contributions.

—Thanks to the Mundt-Allen Post of the American Legion for contributing a new national ensign for the Town Common to replace the one torn by high April winds. Thanks also to the Fire Department.

—Special thanks to the citizens who, of their own volition, raked and cleaned up Kimball Park last week.

—A note of appreciation to the West Bethel citizens and Safety and Law Enforcement Committee members who accomplished the planning and problem solving to locate a traffic island that will reduce the potentially dangerous situation at the Route 2/West Bethel Flat Road intersection. This is an excellent example of how citizens and Town agencies working in concert can solve problems.

—Thanks to all the citizens who reported street light outages to the Town Office. This resulted in two CMP "cherry picker" trucks appearing in Bethel, Friday, April 30, to repair faulty lights. This led also to improved communication procedures with CMP that should result in more responsive repairs in the future. Incidentally, citizens are encouraged to continue on Page Eight

RECREATION BOARD HOLDS MEETING TUESDAY EVENING

The Bethel Recreation Board met Tuesday evening, May 4, with several interested members of the men's softball league participating in the discussion of playing fields and their condition. It was decided to form a committee with members from the Recreation Board, softball teams, and the Little League to further look over fields and determine the extent of work to be done. Don Fudge was also present and informed the board of the playing fields that Gould would have available for summer use by town teams. Peter Brown also informed the board of the fields available at Telstar. Jim Lumley was present and informed the group further on the summer basketball program that he is forming. Questionnaires will be sent home via students shortly to parents on this program.

Other summer programs were discussed and will be announced at a later date. Little League registration was held Wednesday, May 5, and practice is to start shortly.

Greenwood City

— Mrs. Colista Morgan, Corres. —

It's a lovely day here in the valley. The green hills are shimmering under the bright sunlight. Our use-to-be-birds are back twittering out their happiness. How hard it is not to speak now of these happy birds of spring! Our impression is that they ARE happy. Scientists may rightly scoff at us for such statements. No proof either way but we like to think by the elation and gladness of song that they are; just as we come to the conclusion that people are happy or sad.

With nature serenading me like that I had to go out and enjoy it. True, I have been working most of the day but that I like when it's warm and sunny.

This forenoon I threw and piled wood and part of the afternoon I painted. Then I wandered about seeking out places where I knew different flowers grew. I found buds on Mayflowers, blood roots open and stinking Benjamin also in bloom. I like that name. It evokes more thought than just plain trillium.

The only plant I know that smells worse is the skunk cabbage. But what is offensive to us is perfume to certain flies and bees, who respond by pollinating these flowers. I don't have to smell them, as I walk in the woods for I'm far above them. Their close relatives, the painted and white trillium, I haven't seen yet. They like better, homes near bogs and coniferous woods. Occasion-

ally I stopped and listened to the soft crooning of the wind among the small new leaves relishing the moist, scented air of the valley. The breeze wandered over the pond, meadows, and along the edge of the woods, probing among the trees.

My path led me along the side of Noyes Mountain toward the ledges. My feet were cushioned with green mosses, which add woodland beauty to the spring.

The sparkling water of the pond could be seen through the trees and everywhere I looked I saw brightness, wonder, and the interest of nature.

I noticed the frosty gray patches of lichens, dry crisp mats formed on the rocks and ledges.

I took a different route homeward with the spring sunshine still illuminating the woods.

So April comes to an end. At dawn, it's another day, another month, for it is May.

"Life itself is stirring
With its radiant charm
Oh, what is half so wonderful
As springtime on the farm."

— Eunice Elmore Heizer

Doris Hayes was busy over the week end. On Saturday, she had several for dinner, Duane Hayes and three children, West Paris; Mr. and Mrs. Glenn Hayes and her mother, Gray; Mr. and Mrs. Ardel Hayes, Auburn. On Sunday her sister, Verna Libby, Fal-mouth, came and spent the day and night with her.

Several from here attended the special town meeting at Locke Mills on Thursday evening.

South Woodstock

— Olive Davis, Corres. —

The Willing Workers met with Miriam Morgan Monday evening, April 26 with six in attendance. There are so many conflicting dates that it is hard to find a date when all are available. The usual business was carried out and the hostess served refreshments while all enjoyed a social confab. The next meeting will be May 31, unless it is necessary to change it. If so, you will hear from the president. This will be at Olive Davis' home. We need to plan for a sale to earn money for repairing the church building. We hope you all can come then. If you can't, let me know and I'll cut out one gallon of ice cream. That's all I know how to serve, girls, so help me out.

Laura Heikkinen called on Esther Davis Wednesday afternoon. As you see Esther is at her trailer home for the summer.

Carl Brooks brought me two pieces of custard pie Thursday. He and Lettie are always doing nice things for people. Many thanks. A bridal shower was tendered to Pam Camuli by Jeanne Grover at Mollycoddle Motel Sunday afternoon at 3:30. There were many in attendance and Pam was the recipient of many nice gifts. Refreshments were served by the hostess after the gifts had been opened and passed around for all.

I've seen chicken hawks and the flickers are quite numerous at last. The frogs have made themselves heard in some areas but I haven't heard them yet. Some people are smelting. It's that time again.

Frogs are here. Some are planting their peas. I had a hawk in our barn one morning beating his wings against the window. By opening the big barn door, he flew out.

The Rawleigh Lady, Elsie Sprague, of Rumford, was around again for the first time since her car accident.

Frances Eastman is home from the hospital and feeling well.

Leroy and Pauline Smith called on a friend in Bryant Pond, Elvira Littlehale, this week.

The Assessors received the County Tax Bill on April 28. The 1982 County Tax is \$8,787, an increase of 14.7% over 1981. The real estate valuation has been completed, but there is still some personal property to assess. Last year, the assessors completed revaluing buildings. This year, an increase was made in land values, to bring the value per acre closer to the average selling price, as is required by law. Total real estate valuation for 1982 is \$3,841,000, with an additional \$1,426,542 in valuation lost under Tree Growth. A total of 26,212 acres of woodlands are classified under Tree Growth, broken down as follows: soft wood, 3,786 acres; mixed growth, 6,602 acres; and hardwood 15,824 acres. It is expected that the valuation work will be completed early in May and the Assessors will be ready to compute the tax rate as soon as they receive the figures on the school assessment.

The deadline for licensing dogs was April 30. After that date there is an additional fee of \$4 for collecting. This must be paid to the Town Clerk when licensing the dog.

There were no services at the Newry Community Church Sunday, as Pastor Rodney Hanscom was ill with bronchitis. Mothers Day services will be held May 9 at 9 a. m. with a special invitation to members of the Mothers Club and the Ladies Circle.

The Newry Group of the Extension met April 28, at the home of Doris Fraser. A very interesting meeting on Citizenship was led by Grace Buck. Refreshments were served by Doris Fraser and Edna York. The next meeting will be May 19, when the members will eat out.

The Windy Valleys Snowmobile Club met Saturday morning to clean up bottles, cans, etc. along the roadsides. Special thanks to householders who put bottles out to be picked up. Working on Bear River were Willard and Sylvia Wight, Paul and Owen Wight.

George Merrill, Norman Duran, June and Lee Swan and Sylvia Harrington, working on Sunday River were Mr. and Mrs. Douglas Bennett and family, Bryant Pond, John and Yvonne Nowlin, Julie Daye, Barbara Yates, Joan Stevens and Romeo Baker, Newry. After the pick up, the workers met at the home of George and Barbara Merrill, where Mrs. Merrill served cake and coffee. The next meeting will be at the home of Mr. and Mrs. Willard Wight, May 20, at 7:30 p. m.

Mr. and Mrs. Randy Swan and family, Barre, Vt., were week end guests of his parents, Mr. and Mrs. A. Lee Swan.

Bud and Shirley Hill, Coventry, R. I., spent the week end in their camper at Gil Seely's.

Ora Baggarache, Biddeford, and Eva Robinson, Kennebunk, visited their cousin, Gil Seely, Sunday.

Mrs. Mary Tripp spent the week end with her grandchildren, Jessica, Heather and Daniel Baker, Hanover, while their parents were away.

Mrs. Louise Learned was discharged from Rumford Community Hospital April 28 and spent the day with Mrs. Barbara Olson in Bethel. Her daughter, Mrs. Melvina Cummings of Madison, is spending some time with her.

The Ladies Circle met at the home of Rae Bartholomew Monday. Eight members were present. The possibility of obtaining bids for painting the church was discussed. Serving on church cleaning committee for May 24 will be Karlene Bachelder, Sylvia Wight, Gilberte Seely, Jung Swan and Eleanor Morton. Next meeting, June 7, at the home of Sylvia Harrington at 7:30.

Mr. and Mrs. David Wight and family, Dover-Joscroft, were week end guests of his parents, Mr. and Mrs. Willard Wight.

The S.A.D. 44 Adult and Community Education Learning Fair is set for the evening of Tuesday, May 11, at Telstar Regional High School. The Fair will begin with a pot luck supper in the cafeteria at six, with a variety of displays and exhibits in the gym from 6-8. Classes in rug-braiding, quilting, fly-tying, woodworking, machine embroidery, foods, pottery, computers, advanced first aid, and chair-sewing will participate in the Fair, with added exhibits from the Historical Societies of Bethel, Greenwood and Woodstock, the University of Maine's Lewiston-Auburn Center, and the University of Maine at Farmington. In addition, the Welding class will be in progress in the shop area, and will welcome visitors. The S.A.D. 44 Special Education program will offer a handicapped awareness experience, and the S.A.D. 44 Adult and Community Education program will have a display, and will be taking suggestions for future courses.

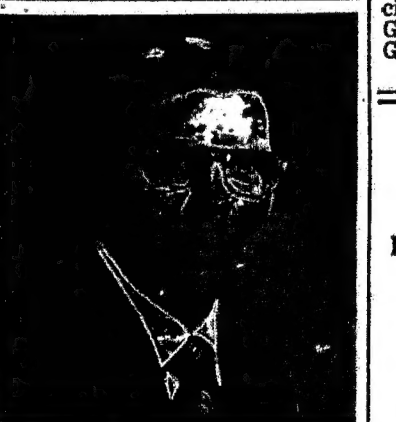

The Aerobic Dance classes, by Sue Farrar, will hold observation day in conjunction with the May 11 Learning Fair. All classes will be open to visitors, who are interested in seeing what is involved in this form of exercise and fitness classes. Classes meet at 8:30 a. m., 6:15, and 7:30 at the Dance Studio on Main Street in Bethel, and at 2:45 at Telstar Regional High School.

The Spring Concert of the S.A.D. 44 Adult and Community Education chorus, under the direction of Susan Mitchell and accompanied by Mary Valentine, will be held at 8 p. m. on May 11, in the Telstar Auditorium, and will feature a variety of music selections oriented to spring. All aspects of the Learning Fair are free.

Adult and Community Education director Cathy Newell attended statewide meetings on Thursday, April 29, and Friday, April 30, in Waterville. The meetings included the Adult Education Conference committee, the Maine Association of Public School Adult Education executive committee, task force on standards for directors of adult education, and the Spring meeting of Maine adult and community education directors. The Spring meeting featured sessions on microcomputers, courses for senior citizens, an introduction to a course for food service workers, as well as presentations on the External Credit Option program, and on the Soil and Water Conservation Districts in Maine.

The Advisory Committee for the S.A.D. 44 Adult and Community Education program will meet at Telstar on Tuesday, May 18 at seven. The Advisory Council meetings are open to anyone with suggestions to offer regarding the program.

WOODSTOCK HISTORICAL SOCIETY TO STUDY INDIAN LEGENDS

The next meeting of the Woodstock Historical Society will be concerned with the legend of Mollycock. Joe Perham will give his widely acclaimed talk on the subject. In keeping with the Indian theme, the Society offers the following information from a book loaned to its library, "Metalluk: The Last of the Coosahawkes". It also includes much information on Mollycock, Lieutenant Segar, and David Robbins.

Metalluk is claimed by Norway and South Paris much as Mollycock is by Bethel. Paris Hill has a birch bark map he supposedly made. Metalluk was a friendly but unfortunate Indian. He married a beautiful Indian maiden and sorrowed mightily upon her death. According to custom, he suspended her body over the smoke-hole of his tent, a primitive and somewhat ghastly attempt at embalment. He frequently returned to the site, mourning her death.

He was also tragically blinded, twice. Once he put out an eye while closing a moose skin. Years later he attempted to move a log and blinded himself completely on a stake. He was taken to live with various friends and relatives who cared for him until his death. Before this, however, he was a guide for Governor Lincoln of Paris, Maine, and bested him in a trade for a knife. He also sold the horns of an immense moose he had shot to then Congressman Moses Mason of Bethel. He acted as guide for the engineers of the Atlantic and St. Lawrence R. R., later our Grand Trunk. While his story is hardly as glamorous as Mollycock's, it too deserves to be remembered.

The Snowmobile club and others
cleaned the sides of the road. It
looks very nice.

The Fleets fenced in another
area for their cattle.
I have been getting a lot of pur-
ple finches, grosbeaks and spar-
rows to the feeders. I have put
out four new bird houses.

Darnita Yates is working part
time at the new McKeen's restau-

Sent in by Eva Yates:
A foggy Monday morning and 80
degrees. But it looks like Mr. Sun
would shine after the fog clears.
It's been cool so the Go Shoes only
had to have a slight warming be-
fore they could go.

Last Tuesday, April 27, Joe and
I went to Norway. I visited daugh-
ter Vida while he saw the doctor
and did errands. Then, the three
of us went to a restaurant for a
good dinner and saw a niece there
I had not seen in years.

Saturday, May 1, Verna Swan
joined us and we went to Mistic

market and food sale on May 8 at
the AES gym. The Andover Res-
cue Squad is sharing this with the
troop. If you have any saleable
goods call Shirley Gammon, 392-
1022; Sharon Hutchins, 392-2351;
or Bonnie Marston, 392-2352 for
arrangements for pick-up of items.

Also on May 8 you can hire a
slave to do odd jobs for \$1.00 per
hour. She can do windows, rake
lawns, babysit (so you can go to
the flea market perhaps?) help
with spring cleaning or general
housework. The sign up sheet is
at Akers Store or you can call
one of the leaders for more infor-
mation. The girls are presently
working on the dance badge with
Carol Littlefield and Copper Hutch-
ins doing aerobics. It's really fun
and by the time the Mother and
Daughter banquet rolls around
some of us may have "rolled" off
a few pounds.

A lot of the girls have earned
the Indian love badge and hope to
do the weaving and basketry badge
at troop camping which will be
June 20, 21, 22.

you leave your pot-luck at home
you may eat light but come any

Peggy Blake is feeling some bet-

been having. I hope Eveline has
got rid of her bad cold and she
won't grab the next one that comes
her way. Try wearing a little bit

maybe the colds will pass you by.

RESOURCE SURVEY FUNDED

continued from Page 7
history has been widely published, has agreed to participate in work on the survey as well. "I feel we have two outstanding people to complete this important work," Howe said.

Howe stated that "The Commission and the Park Service have seen fit to include funds for photography and for publication as part of this grant. They have indicated to us," he said, "that they anticipate a document on the county's resources." Originally planned as an extensive documentation of buildings and sites in the county more than 50 years old, the survey will now concentrate on photographing and documenting a smaller number of buildings. Allen and Bennett note that, as before, the survey will be working closely with the volunteers from historical societies throughout the county, to insure that the sites and buildings included in the published inventory are those most typical and significant.

During May, Bennett will concentrate his work on towns in the Rumford area, while Allen will work in the towns of the Norway-Paris area.

GIFTS AT TELSTAR LIBRARY

The Telstar Library has been fortunate this year in receiving many donations of books and magazines from generous and thoughtful friends of the school. Again this year the biggest contributor has been the Middle School Student Council, under the direction of Peter Brown, with their gift of \$1,000. Over 300 RECI paperback books were purchased with this sum, and they have proved very popular with Middle School students.

On behalf of all at Telstar, Madeleine Gibbs, librarian, extends appreciative thanks to all the following for the generosity extended to the Library: Andover Elementary School, Andover Friday Club, Donald Angevine, Theodore Davis, Ann Holt, Dr. Stanley Howe, Collista Morgan, Newry Mothers' Club, Oxford County Retired Teachers' Association, Persis Post, Jeff Rainey, S.A.D. 44 Adult Education, Rep. Olympia Snowe, Mrs. Ruel Swain, Telstar Middle School Student Council, and Edith Turner.

The workshop is open to the public with no pre-registration necessary.

NOTES FROM

Evans Notch

White Mountain National Forest

Campgrounds on the Evans Notch Ranger District will open to the public on May 14. Preseason work has begun to ensure safety and health for the visiting public. Annually, District crews remove safety hazards, rehabilitate sites, repair winter damage, reinstall visitor information notices and prepare water systems. Additional maintenance and improvement work takes place throughout the early part of the use season.

Fee increases will be instituted for the 1982 season. The increases have been made necessary by rising costs of providing normal services to the public. Visitors should expect to pay \$5.00 per site at Hastings, Wild River and Cold River Campgrounds and \$4 at Crocker Pond. Because of a higher degree of service, the fee at Basin Campground will be \$6 this season.

A Campground Host couple will return to Basin Campground this season. Hosts are volunteers who provide additional services to the visiting public. The District hopes to install a host at Hastings Campground this season, and welcomes applicants through the Volunteer Program.

Volunteer opportunities also exist in the areas of recreation, wildlife habitat improvement, reforestation projects and in many other Forest Service programs. Since the original call for volunteer assistance, public response has been substantial, with contributions still being sought. Applications are currently being accepted for a District Volunteer Coordinator. Persons interested solely in the Evans

The first federal legislation regulating the hours of workers in the private sector was passed in 1907; the measure prohibited trainmen from working longer than 16 consecutive hours, according to a publication of the U. S. Department of Labor.

The subject of cable TV for Bethel residents discussed in last week's column has aroused considerable interest and discussion.

On Tuesday, April 27, the Town Manager attended a State-wide cable TV training seminar sponsored by the Maine Municipal Association in Augusta. Early in the session it became apparent that towns that had not done adequate homework and preparation, but entered

headlong into agreements with cable TV companies usually suffered from a diversity of adverse effects, ranging from poor picture quality to non-service delivery. To help avoid this, material was offered in four areas that was subsequently discussed in detail with the chairman of the Bethel Planning Board, Dana Douglass. It may be recalled that the Planning Board was charged at the April 28 Board of Selectmen meeting to study the entire question and provide recommendations. The result of the seminar and Town Manager-Planning Board chairman discussions is that the Planning Board will meet soon to initiate action on the cable TV issue according to the following sequence:

Step 1. Develop a cable TV ordinance that will establish duties, responsibilities, relationships, limits of liability, etc. By its nature, this ordinance may be passed by the Board of Selectmen without bringing to bear the Town Meeting process.

Step 2. Determine the needs and desires of the citizens. Determine, for example, what programming is desired, whether channels will be

SUMMER BASKETBALL
PROGRAM

A survey is being conducted through the area schools to measure the interest in starting a summer basketball program for the grade levels, 4-9. Hopefully there will be enough interest to divide the program into two sessions: (1) 4-6 grades; (2) 7-9 grades; boys and girls alike. Also the survey will try to select the best time for the program. All interested parents should be sure to fill out the survey and return it to school as soon as possible. If there are any questions, please contact Jim Lannan, school 824-2136; home after 6:00, 824-3179.
